Are you or someone you love struggling with drug or alcohol use?

Please know that there is help available! You needn't suffer alone!

Not One More | NWPA is a non-profit started by the families and friends of persons with substance use disorders in 2015. We are committed to support persons with substance use disorders and their loved ones through the difficult and rewarding journey of recovery. In our nearly five years of working in our community, we have countered stigma, distributed hundreds of doses of naloxone (the opioid overdose reversal medicine), raised awareness, created programming for those having lost loved ones, and built a support group for those suffering and their loved ones.

Join us the **1st and 3rd Tuesday** of the month at **7pm** for the **Hope for Healing Hearts** support group. We meet in **Conference Room ACR1 at Meadville Medical Center, 1034 Grove Street, Meadville PA 16335**. There is useful information, the opportunity to share your trials, tribulations and successes with someone whose been there, and naloxone available free of charge. Pain shared is pain lessened, joy shared is joy doubled.

We can work together to see a day in northwest Pennsylvania where there is Not One More... overdose, lost spirit, or grieving heart. Join us.
