

# Black Balloon Day 2021

# The Purpose of Black Balloon Day :

- To remember the people who have lost their lives to overdose
- To acknowledge the grief felt by the friends and family members left behind
- To call for change in drug policies around the world to reduce the number of overdose deaths
- To end the stigma of drug-related deaths

**GRANDSON**

My son was murdered by pure fentanyl. He is a big brother, a father of 3, my first child, an amazing grandson, and a terrific young man. He had a great sense of humor, always smiling, making others laugh. He did not deserve to die this way. He did not ask to die. His investigation is at a halt. He passed away in Lancaster PA. I am his mom and I moved from Lancaster to Meadville in August 2020 due to the triggers surrounding his death and my PTSD. My life has changed forever and it gets harder every day! He will be angel in Heaven 2 years this month on March 25, 2021. I miss him and love him so much. We all do!
